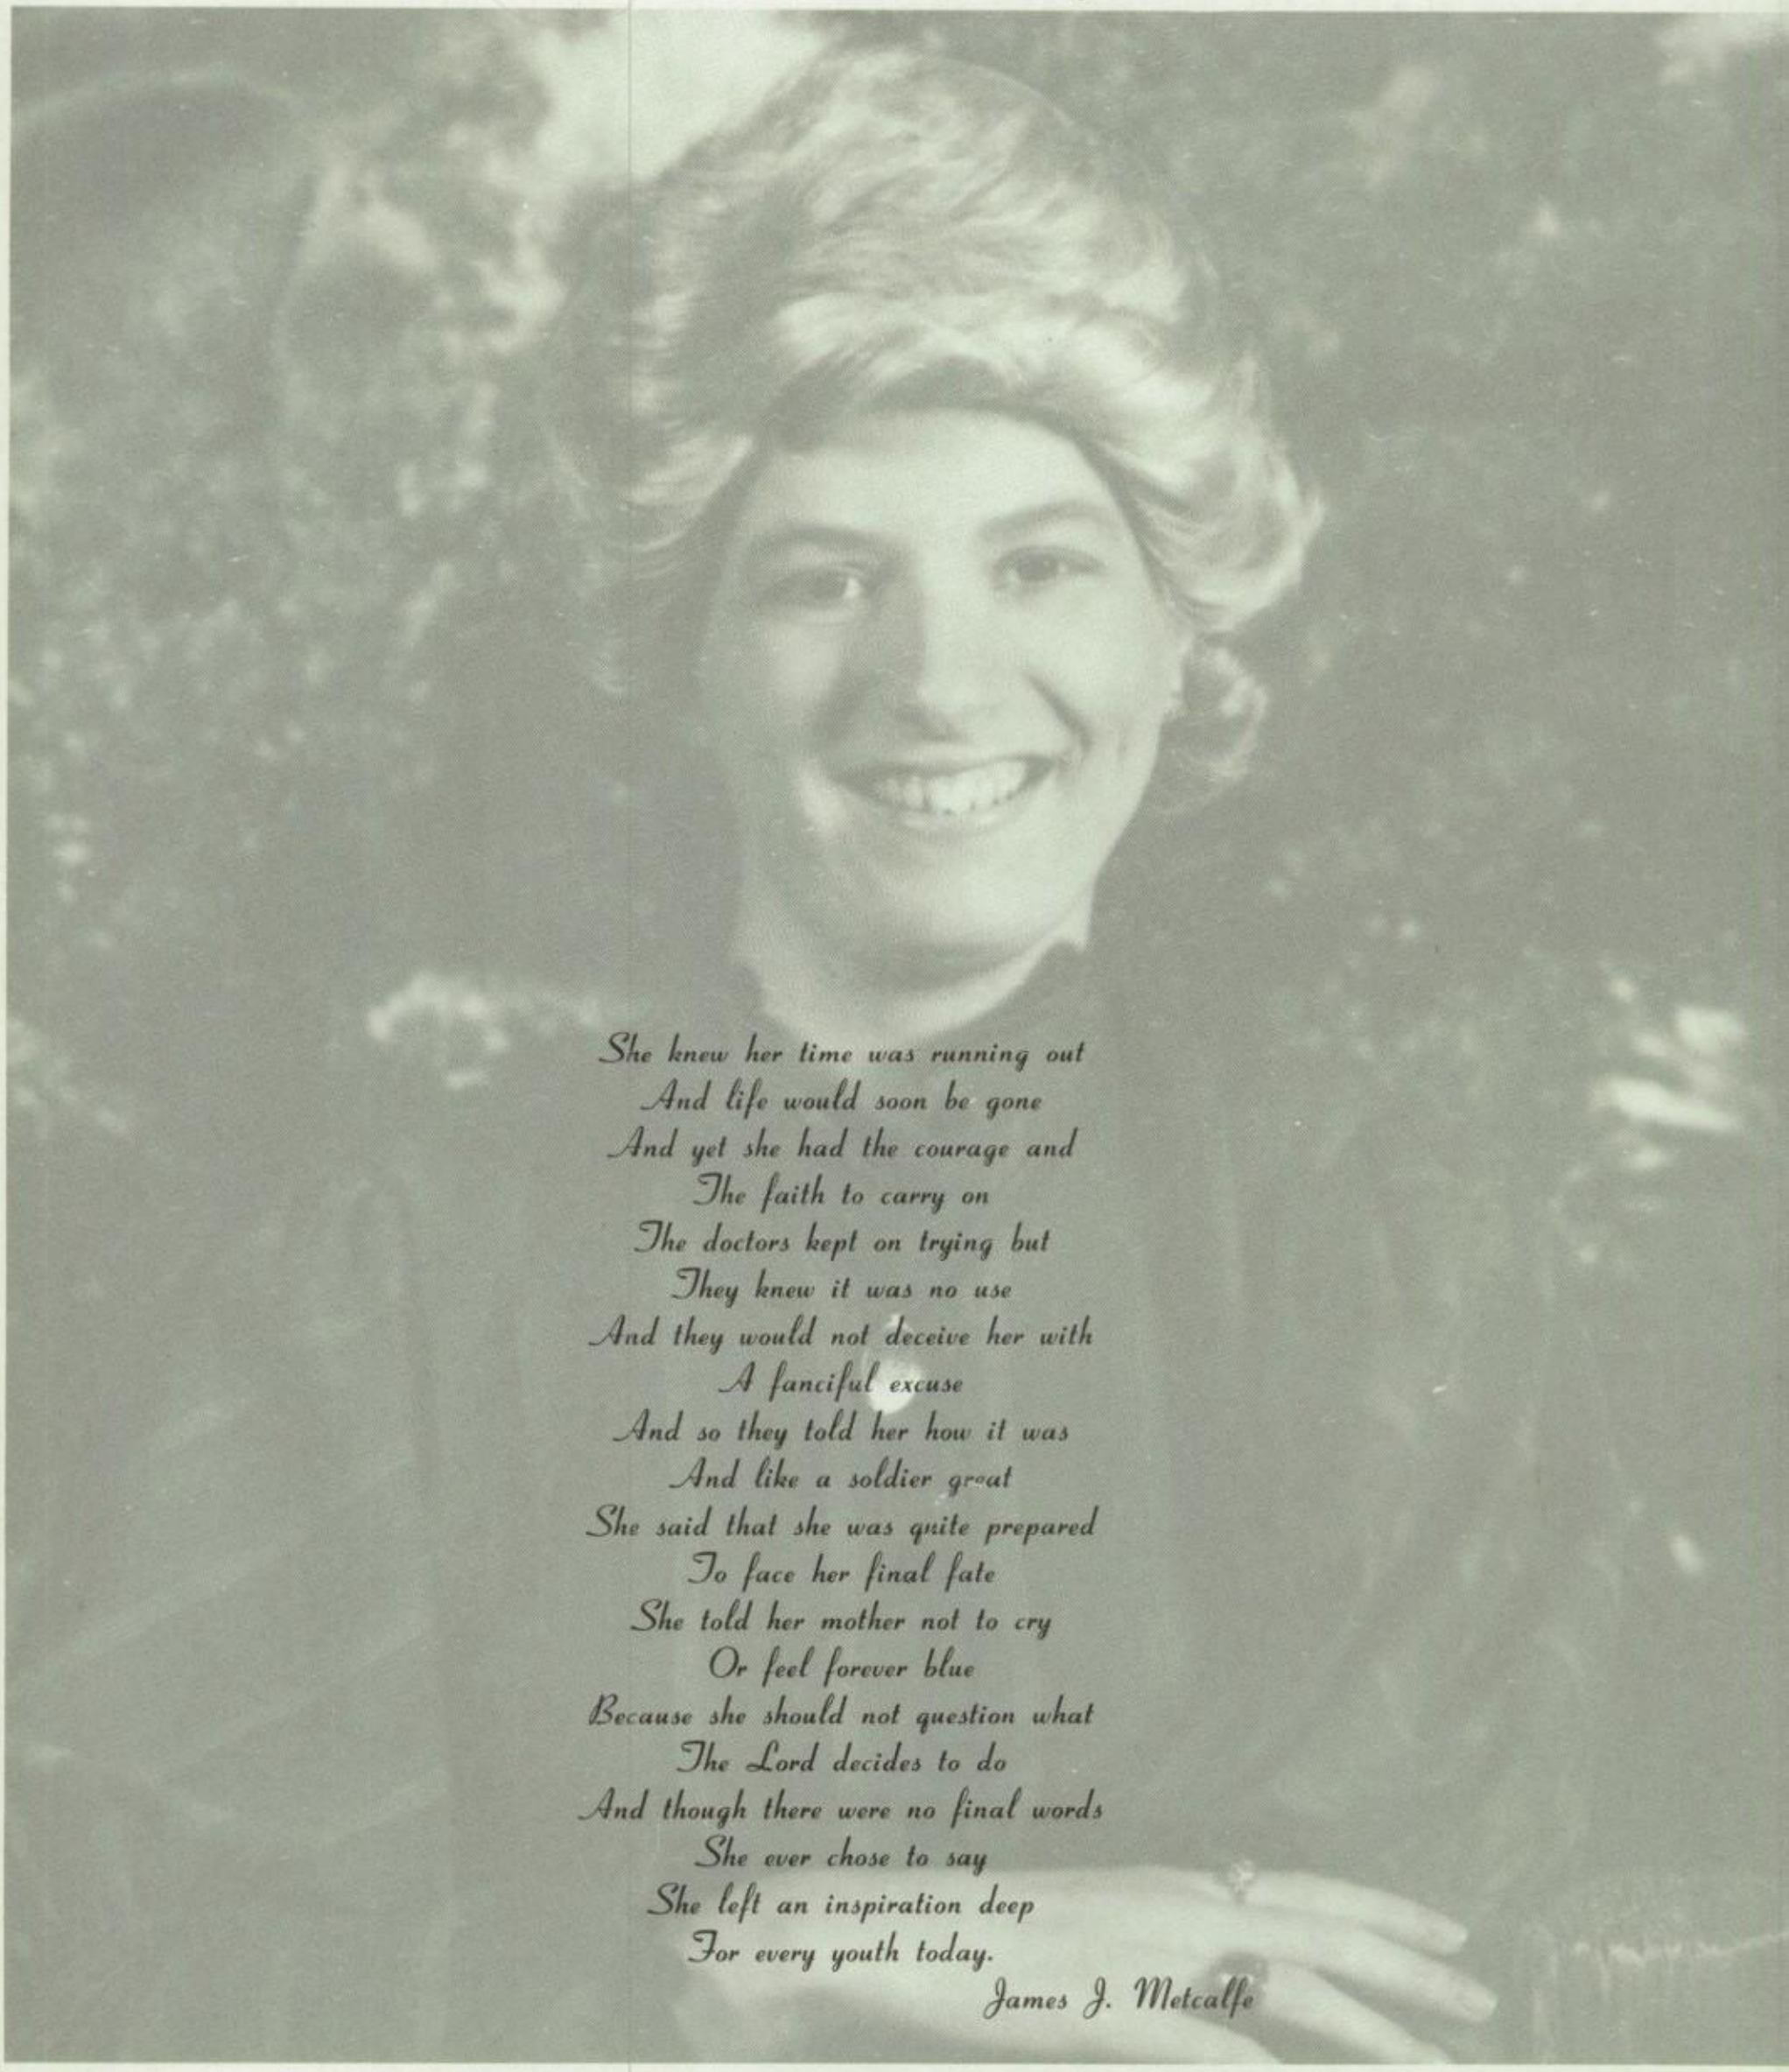
In Memory



She knew her time was running out
And life would soon be gone
And yet she had the courage and
The faith to carry on
The doctors kept on trying but
They knew it was no use
And they would not deceive her with
A fanciful excuse
And so they told her how it was
And like a soldier great
She said that she was quite prepared
To face her final fate
She told her mother not to cry
Or feel forever blue
Because she should not question what
The Lord decides to do
And though there were no final words
She ever chose to say
She left an inspiration deep
For every youth today.

Seniors at last! Many people thought we wouldn't make it. We fooled them although at times, chances were we wouldn't. It has been a long four years in many ways. When we think of the hours we spent doing homework and studying for exams, it seemed like a l-o-n-g, l-o-n-g time.

Of course school had its fun times too. Pep rallies, dances, ball games, parties! We always yelled the loudest at pep rallies and ball games because we had the most school spirit. We were never bashful at the dances since we had "matured" enough to ask someone to dance. When it came to partying, who, but we, knew better how to party hardy!

Many people are responsible for us reaching this point in our lives — parents, teachers, friends, to name a few. In our various ways we appreciate the sacrifices these people have made for us and will continue to make. Thanks to each of them for their contributions.

The future is ahead for all of us. Hopefully we have prepared ourselves well and have made the right choices. Chase has provided us with this means of support. We will always remember our school and the time we spent here. There we learned responsibility and values we will use as guidelines in our future. Thank you Chase for teaching us the meaning of TRUE TROJAN.

So many things happened to us as juniors. Rings, tests, prom! We were so proud when we wore that ring for the first time and walked into the gym the night of the prom. It took three long years to reach this point and we felt it had been worth the wait.

With our junior year also came many tests. The competency test proved not as hard as we expected. Oh, but the PSAT and SAT proved to be even harder than we expected. We didn't think we would survive them but we did.

In our magazine sale we sold over $8000. That wasn't enough to reach our goal and beat the senior class but it was enough to have a fantastic junior-senior prom.

As sophomores we felt we finally belonged. We were no longer the "new kids on the block" or the object of ridicule by the upper classmen. We dared to reciprocate some of the practical jokes that had been played on us. We found we could yell at pep meetings and participate in other school activities.

In class, we learned all about theorems, frogs, earthworms, and the French Revolution. We may not have understood what to do with them but we did use them temporarily.

As the year progressed though, we realized the value of what we were doing and looked forward to the day when we would take our place in society.

Being our first year at Chase, we found our lives changed drastically. School was not what we expected—changing classes, making up assignments, attending pep meetings. And of course, we were always the object of the upper classmen's jokes.

In classes we were introduced to "Julius Caesar," factoring, and graduated cylinders. What disasters we made of those! As time progressed though, we mastered each and hoped to earn our place as one of the best classes ever at Chase High School.

The DECA club at Chase had a prosperous year with their various projects. They provided personal items for rest home patients in the community, sent fruit baskets to the elderly in the area, and furnished items for the Christmas cheer center. The purpose of the FTA was to offer prospective teachers appropriate experiences designed to help them develop readiness for college and for programs of teacher education. In order for members to gain teaching experience, they served as teacher aides at Harris School throughout the year. They also held a Teach-In Day where members taught for teachers.

The FTA offered a scholarship to a deserving senior in honor of Mrs. Meredith Spratt Underwood. Sponsors this year were Mrs. Elaine Nylander and Mrs. Betty Vaughn.

The FFA chapter at Chase continued its tradition of excellence as they received recognition as a superior chapter in the national chapter awards program. The group participated in numerous contests throughout the year. Members attended the state FFA convention in Raleigh and this past summer attended a camp at White Lake. Evan Lancaster represented the club at the national conference in Kansas City.

As part of the program, the FFA maintains a school farm. As part of this farm, the chapter owns a registered Polled Hereford Cow Herd. Over 2000 bails of hay were collected and many cords of wood were cut from the property. Profits from these went to finance various projects throughout the community. Highlighting the year was the annual parent/member banquet in February.

"Operation Outreach—Move to Improve" served as this year's motto for the FHA. Activities throughout the year reflected this theme. Among those activities were the teacher appreciation day, the March of Dimes Rock-a-thon, rest home visits, and the Parent Banquet. Personal relationships, family, and community were the concerns of the sophomore Encounter program as they traveled to various places in order to strenghten these relationships. FHAers also participated in several physical activities designed for self-improvement.

A new course was added to the Home Economics program this year entitled "Child Care/Teacher's Aid." In this class, students worked with children and designed numerous activities for them.

"Books are the key to knowledge"

The objectives of the Chase Media Club this year were: (1) to increase student interest in audio-visual work; (2) to promote better understanding and cooperation between local and state high school library clubs; (3) to attract high-type student assistants; and (4) to arouse interest in the study of librarianship and audio-visual coordinator as a profession. Young and inexperienced characterized the 1982 TROJAN football team. Although a most disappointing season, the players never lacked in their enthusiasm for the game, always giving their best effort each time they took the field. Head coach John Keeter and coaches Mickey Lineberger, Bob Ledford, Randy Page, and Mitchell Owens continually offered encouragement to the team throughout the difficult season.

For seven senior guys this year ended their high school football career. As they remember the past four years, memories of the long practices, football camps, initiations, sore muscles, the thrills, and the sorrows aided them in their growth to maturity. These few never realized how important football was to them until that last game had ended. It had shown them the value of self-disipline, dedication, and team work. Each had gained from his experiences. From the toss of the coin to the last play of the game, enthusiasm and courage kept these players charging. Along with bruised bodies and egos, each player learned to accept disappointment. With grim determination, they used past mistakes to improve their performance. Thanks seniors for your contribution to Chase and for your continuing support of our school and its total program.

TROJAN Staff

The 1983 TROJAN staff began the school year relatively inexperienced. They worked hard learning the necessary skills to develop an informative and an attractive yearbook. Many times throughout the year the staff was asked to perform difficult tasks and to assume extra responsibilities. They did each without complaint, accepting the challenge. As these eleven individuals planned, organized, and labored with these pages, their goal became clear—to produce the best book possible. These pages include as many events of the 1982-83 school year as was possible. Hopefully the efforts and dedication of each staff member are evident on every page.

Members of the staff are:

Beverly Byers
Audrey Camp
Joy Camp
Keith Cole
Tammy Davis
Kim Dills
Dwayne Duncan

The 1982-83 school year has been a most rewarding year for each of us. Lasting friendships were developed as well as a sense of responsibility toward ourselves and our future. Events such as pep rallies, class trips, sports contests, and various competitions will remain a part of our memories for years to come. As Editors of the 1983 TROJAN, we proudly present you, the student body, with this yearbook. Many hours of hard work and devotion have gone into it. We three, accompanied by eight other staff members, have gladly dedicated our time in making this book a reality and recording these events for you.

This yearbook is not our accomplishment alone, but also that of those people outside the staff who willingly contributed their time and efforts towards its completion. We would like to recognize Mr. Mike Caldwell and Mr. Hal Lackey of Delmar Studios who provided many of the photographs found on these pages. Also, we would like to thank Mr. Leon Lewis of the Delmar Company for his assistance in the production of this book and The Daily Courier staff for their contribution toward its publication.

Lastly, we would like to thank our advisor and friend Miss Kay Johnson for all the time and effort she has contributed. We could not have completed this book without her guidance, both in the classroom and in our personal lives.

Graduation made us reflect upon our years at Chase. Our experiences as Editors taught us the importance of cooperation and dependability. Confusion seemed rampant in our lives but day by day the pieces began to fit and the decisions we had made previously began to focus. In conclusion, we hope this book will enable you to recall those moments at Chase and the lasting influence Chase had upon your life with gratitude and affection for the TROJAN pride it instilled.
